

MANIFESTO

Greetings, fellow students of Technological University Dublin. My name is Princewill Aguele, and I am passionate about creating an inclusive and engaging environment for all students regardless of their background. Here is my manifesto:

1. **Diversity and Inclusion:** One of my primary goals is to promote diversity and inclusion across all events and activities organized at the university. I believe in creating a welcoming space where all students feel valued and represented.
2. **Cultural Awareness Events:** I intend to organize various cultural awareness events that celebrate the diverse backgrounds of our students.
3. **Support for Minority Groups:** I will work closely with marginalized student communities to ensure their voices are heard and their needs are met.
4. **Enhanced Student Engagement:** I plan to introduce new initiatives to increase student engagement across all campuses. From academic workshops to social gatherings, I aim to provide opportunities for students to connect, learn, and grow together.
5. **Collaboration with Faculty:** I will collaborate with faculty members to organize events that bridge the gap between students and academic departments.
6. **Mental Health and Wellbeing:** Recognizing the importance of student wellness, I will prioritize mental health initiatives and wellbeing programs.
7. **Sustainable Events:** In line with the university's commitment to sustainability, I will advocate for eco-friendly practices in event planning.
8. **Accessible Events:** Accessibility is a top priority for me. I will ensure that all events are accessible to students with disabilities by providing necessary accommodations and support services.

Remember, your voice matters, and together we can make a positive impact on the student experience at Technological University Dublin. I humbly ask for your support and urge you to vote for me as your next Vice President of Events and Engagement. Thank you for your time and consideration.

Warm regards,

Princewill Aguele
